About Curley CTS

Curley CTS Native Structural Engineering was founded in 2021 by Maureen Curley, an enrolled tribal member (Navajo Nation), and Caruso Turley Scott, an engineering firm established in 1963. Our team provides **structural engineering design services for federal, county, and city government agencies and commercial owners**. We design **all building types** with innovative and proven structural systems. We maintain a record of achievement through our outstanding customer service and integrity.

Core Competencies Structural Engineering

STEEL, CONCRETE, MASONRY, WOOD

SCHEMATIC
